

**SARDAR PATEL COLLEGE**  
**Report on Chem Quest (26-08-2025)**

The Department of Chemistry, Sardar Patel College, successfully organized **“Chem Quest” – An Online Quiz on *General Chemistry in Everyday Life*** on **26th August 2025**. The objective of the programme was to create awareness about the role of chemistry in daily life and to encourage students to apply theoretical concepts to real-world situations.

The quiz was conducted through an online platform, ensuring wide participation from both undergraduate and postgraduate students. The questions were carefully designed to cover various aspects of general chemistry applied in everyday activities, such as:

- Chemistry in everyday life
- Household chemicals and their uses
- Environmental chemistry
- Medicines and health care
- Materials and their applications in daily life

The event received an overwhelming response, with **70 students** participating enthusiastically. The participants appreciated the relevance of the quiz topics, as it helped them connect textbook knowledge with practical life applications.

At the end of the event, all participants were awarded **e-certificates**. The quiz not only enhanced students' knowledge but also sparked curiosity about the omnipresence of chemistry in simple, everyday activities.
