

CPR TRAINING

NSS volunteers of Sardar Patel College participated in a 2-day community Hands-Only CPR Training Program held on 20th and 21st January 2025. The training aimed to raise awareness on responding to sudden cardiac arrest and to equip volunteers with essential life-saving skills.

Our NSS volunteers played a pivotal role in the success of the program by managing the crowd, assisting participants with online registration, and guiding people throughout the event. Their dedication and service were recognized with Certificates of Appreciation awarded during the concluding session.

This initiative reflects the commitment of the NSS Unit of Sardar Patel College in promoting community health and well-being while providing students with meaningful opportunities for personal growth and development. The experience also helped instill a strong sense of social responsibility and empathy among the volunteers.
