

Report on TNS India Foundation Training Program

TNS India Foundation conducted a comprehensive 180-hour training program designed to enhance students' soft skills and financial knowledge. The program aimed to equip students with critical skills required for professional and personal growth, making them more employable and financially literate. A Memorandum of Understanding has been signed with TNS India Foundation on 01-07-2024.

Program Objectives:

1. **Personal and Professional Effectiveness** : Focus on communication, teamwork, problem-solving, and interpersonal skills essential for workplace success.
2. **Career Readiness** : Bridging the gap between academic learning and industry expectations by preparing students for employment.
3. **Interview readiness** : Grooming, Mock Interviews, Aptitude practice test and more.
4. **Digital Literacy** : Trained students Ms-Word, PPT and Advanced excel with basic data management tools.
